Medicare Basics

There are two parts to **Original Medicare**, Part A (Hospital) and Part B (Medical). A **Medicare Advantage Plan** is also called Part C and combines all of the benefits of Original Medicare, plus extras like dental, vision, hearing, over-the-counter drugs and fitness, and in some cases Part D (Prescription Drugs).

A **Health Maintenance Organization (HMO)** is a type of Medicare Advantage plan, known as a “managed care” plan. With an HMO, you choose a primary care physician (PCP) from a network of approved providers. All health care services, including referrals, are managed by your PCP. An HMO offers affordable, high-quality care with reduced premiums, fixed out-of-pocket copays or coinsurance amounts, and the safety net of an out-of-pocket maximum.

Understanding the benefits

- The Evidence of Coverage (EOC) provides a complete list of all coverage and services. It is important to review plan coverage, costs, and benefits before you enroll. Visit clevercarehealthplan.com/eoc or call 1-833-388-8168 (TTY:711) to view a copy of the EOC.

- Review the pharmacy directory to make sure the pharmacy you use for any prescription medicine is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.
- Review the formulary to make sure your drugs are covered.

Understanding important rules

- For plans with a monthly premium:** In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- For plans with a zero premium:** You do not pay a separate monthly plan premium for this plan, but you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- Benefits, premiums and/or copayments/co-insurance may change on January 1 of each year.
- For HMO plans only:** Except in an emergency or urgent situations, we do not cover services by out-of-network providers (doctors who are not listed in the provider directory).
- For C-SNP plans only:** This plan is a chronic condition special needs plan (C-SNP). Your ability to enroll will be based on verification that you have a qualifying specific severe or disabling chronic condition.
- Effect on Current Coverage:** If you are currently enrolled in a Medicare Advantage plan, your current Medicare Advantage healthcare coverage will end once your new Medicare Advantage coverage starts. If you have Tricare, your coverage may be affected once your new Medicare Advantage coverage starts. Please contact Tricare for more information. If you have a Medigap plan, once your Medicare Advantage coverage starts, you may want to drop your Medigap policy because you will be paying for coverage you cannot use.

Pre-Enrollment Checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, please call and speak to a customer service representative at 1-833-388-8168 (TTY:711), 8 am to 8 pm, seven days a week, from October 1 to March 31; and 8 am to 8 pm, weekdays, from April 1 to September 30.

Understanding the benefits

- The Evidence of Coverage (EOC) provides a complete list of all coverage and services. It is important to review plan coverage, costs, and benefits before you enroll. Visit clevercarehealthplan.com/eoc or call 1-833-388-8168 (TTY:711) to view a copy of the EOC.
- Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- Review the pharmacy directory to make sure the pharmacy you use for any prescription medicine is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.
- Review the formulary to make sure your drugs are covered.

Understanding important rules

- For plans with a monthly premium:** In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- For plans with a zero premium:** You do not pay a separate monthly plan premium for this plan, but you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- Benefits, premiums and/or copayments/co-insurance may change on January 1 of each year.
- For HMO plans only:** Except in an emergency or urgent situations, we do not cover services by out-of-network providers (doctors who are not listed in the provider directory).
- For C-SNP plans only:** This plan is a chronic condition special needs plan (C-SNP). Your ability to enroll will be based on verification that you have a qualifying specific severe or disabling chronic condition.
- Effect on Current Coverage:** If you are currently enrolled in a Medicare Advantage plan, your current Medicare Advantage healthcare coverage will end once your new Medicare Advantage coverage starts. If you have Tricare, your coverage may be affected once your new Medicare Advantage coverage starts. Please contact Tricare for more information. If you have a Medigap plan, once your Medicare Advantage coverage starts, you may want to drop your Medigap policy because you will be paying for coverage you cannot use.

Prescription Drugs

Clever Care Health Plan continually strives to provide you with easy access to your medications. One example is that in 2026, CGMs (continuous glucose monitors) will no longer require a prior authorization. That means less paperwork for your doctor and no delay for you. You just need a prescription for one of our formulary CGM systems and the pharmacy can fill it for you.

Will be covered without a prior authorization (need a prescription like other drugs):	Manual glucometer set will continue to be covered:
<ul style="list-style-type: none">• Freestyle Libre 2• Freestyle Libre 2 plus• Freestyle Libre 3• Freestyle Libre 3 plus• Dexcom 6• Dexcom 7	<ul style="list-style-type: none">• Freestyle Lite system
Quantity will be per manufacture use recommendation (some use one sensor every 14 days, some every 10 days, etc).	Does not need a prior authorization; just a prescription.

The chart is just an example of some of the most commonly used drugs and their tier—you will notice that most of the drugs are on tier 1 or 6, meaning as low as \$0 out-of-pocket for most members. More drugs may be added throughout the year.
